INTERESTS

- ✓ Construction Management
- ✓ Site Supervision
- ✓ Management and Computer Analysis,
- ✓ Transportation Engineering.

Objectives:

A self-motivated, enthusiastic and passionate Civil Engineer who has extensive experience of supervising all aspects of jobs on site, including labour and materials. I am very good at leading on site civil teams and have a track record of delivering projects on time, within cost, quality and safety parameters. I can be relied upon to make sure all works are carried out in line with standard requirements. My key strengths include construction, maintenance, of all sort of building and infrastructure.

Roles and responsibilities:

- Responsible for preparing RFI, MIR and conduct inspection with client.
- Overseeing and assuring quality as per client standards.
- Securing material samples and preparing test report.
- To prepare progress report on daily and weekly bases.
- To check all major components being used as a construction material.
- To conduct a daily meeting with staff to impose quality standards.
