A competent Civil Engineer with excellent communication, organization and co-ordination skills. Possessing a proven track record of preparing and executing project plans and programs, ensuring that work is carried out accordance with company's procedures and client's satisfaction. Able to ensure safe, timely and cost-effective design and implementation during the life cycle of projects from conception till customer satisfaction.

WORK EXPERIENCE:

- **Site Engineer**

Friendship Philippines Corporation, Philippines
March 2021 – June 2023 (2 years and 3 months)

- ✓ Assist in claims preparation in coordination with the Project Manager.
- ✓ Responsible for reviewing all drawings and prepare request for information (RFI) to the general contractor and copy to Project Manager.
- ✓ Analyzed project drawings and specifications to determine materials, labor, and equipment required for construction projects.
- ✓ Responding with appropriate and necessary levels of construction supervision to provide quality assurance in accordance with contract documents.
- ✓ Administers excavation work permit procedures. Includes reviewing drawings for underground utilities, determining feasibility of work, and giving approval.
- ✓ Ensures that all activities are carried out in accordance with the company's HSE&Q policies and procedures, ensuring that appropriate preparatory and protective measures are employed at all stages of the work by employees and contractors. Arranges for appropriate safety training to be given to employees and contractors on site.
- ✓ Takes ownership of the site activities from site development to completion and handing over.
- ✓ Water/Stormwater/Secondary irrigation/Sewerage works (uPVC, RC pipes, HDPE pipes.)

- **Site Engineer**

Makati Development Corporation, Philippines
January 2016 – February 2021 (5 years and 1 month)

- ✓ Estimates construction materials needed on a weekly basis.
- ✓ Providing data in respect of variation orders and site instructions.
- ✓ Maintained detailed project documentation, including plans, reports, and budgets.
- ✓ Oversaw construction projects from start to finish, ensuring they were completed within budget and on time.
- ✓ Collaborated with architects, contractors, and other team members to ensure project specifications were met.
- ✓ Perform other related tasks that may be assigned from time to time.
- ✓ Evaluates and checks for accomplishments versus submitted billing.
- ✓ Coordinates the requisition, issuance and timely delivery of required materials on site.
- ✓ Ensures that all materials to be installed comply with the approved submittals and tests.
- ✓ Prepares the work activity reports for monitoring and update of Project in Charge.
